Dr. Annabi
Pima Pain Center
4601 E. Broadway
Tucson, Arizona 85711

Dear Dr. Annabi,

I am one of your patients and I recently had radio frequency procedures performed on both sides of my back.

I want to commend you and your staff for the professionalism that you all displayed.

The staff are all very compassionate when dealing with us cranky old bastards when we are in pain, and I appreciate all of you. I am basically pain free!

Regards,
